Dear Sirs;

I am very interested
in flying saucers and do
much research in this
subject.

I have sighted a few
flying saucers, here is
my most exciting one.
My brother, cousin, and
I was sleeping in my
aunt's backyard and
were watching for flying
saucers. We sighted one
on the ground about
120 feet away. It was
about 12 feet long and
had ~~two~~^{one} light at each
end. We were scared stiff,
at least I was. My
brother and my cousin
finally got enough

OPEN

This is what the saucer looked
like → it is -

courage to see what
it was. As soon as
they got about 25 feet
away from it, it disappeared.
This is no hoax or
~~just~~ joke or anything
this is the truth!

Yours truly;

P. S. Could you please
send me some information
about flying saucers.
Thank you very
much.
